

SPIRITUAL PRACTICE

Sometimes, it is hard to believe things that seem impossible.

When we have faith, we believe God is present with us and God's presence gives us hope.

Look at the stars in the night sky. Remember that God is

with you. Have faith. God will bring you hope.

Whenever you see a star this week, remind yourself God is with you in that moment and in every moment. God was with Abraham, and God is with you also.
